[Pre-cruise Package Options 1,2 or 3 nights](#)

**1 night— “Jazz Club Strut”** On your own in New Orleans, it can be difficult to navigate past Bourbon Street. But the real jazz is happening on the edge of the Quarter and over in the Faubourg Marigny and the Bywater and down in the Treme. And we’re gonna get you in to all the best places in one night, with a foldout map detailing who’s who and where they’re playing—and your own private shuttle running throughout picking you up and dropping you off in places that tourists don’t even know about.

**2 night— “The Center of the Jazz Universe”** You don’t find the real jazz in tourist traps. So over in the Faubourg Treme, we’ve arranged for members of a noted Mardi Gras Indian tribe to come show you how they strut their stuff. From there, you’ll have an authentic New Orleans second line parade led by one of the city’s finest brass bands and high stepping members of a noted Social Aid & Pleasure Club. Your second line will make its way through the French Quarter and in to the Faubourg Marigny to the hub of the local’s music scene, Frenchmen Street. This 2 1/2 block stretch of clubs, dives and eateries is where the locals come for live music. Our Second line parade will flow right into a Frenchmen Street club that’s our own private venue for the night, with an open bar, a buffet filled with red beans and rice, jambalaya and other casual New Orleans classics—and a smoking hot jazz band. Plus all the features of the 1 night package.

**3 night— “Ultimate Jazz Insider”** A private home in a historic neighborhood. Hanging with a handful of the top jazz cats in town. A delicious, home-cooked meal, drinks, fun, insider tales of the New Orleans jazz scene—and yes, a jam session to cap it off. It doesn’t get any more real—or any deeper inside—than this!! Plus all features of the 1 and 2 night package.
